R = ring Ch = chain - = picot + = join
 Sht1 = shuttle 1 Sht2 = shuttle 2
 prev = previous RW = reverse work
 DNRW = do not reverse work
 SS = switch shuttles

All Rings are 5-5

Rings 4 & 5 are Split Rings with a false picot between.

All chains are 2-2-2-2-2 except the ones at center marked in blue which are 2-2-2-2.

The picots on the chains can be graduated in length if desired or all of one length.
