RFID PHONE POCKET

UNIVERSAL COMPATIBILITY

PROTECT YOUR PERSONAL INFORMATION

Newer credit/debit cards, driver's licenses and passports have RFID (Radio Frequency Identification) chips embedded in them. RFID chips contain personal and account information that identity thieves can access just by passing you by. RFID protection blocks those frequencies until you're ready to use your credit card or show your ID.

C-2-3 CONVERTER

UNIVERSAL COMPATIBILITY

The Type-C connection is quickly becoming the connection of choice for mobile devices. Having a small converter from Type-C to a highspeed USB 3.0 port makes it easy to get your selfies, videos, and important data files downloaded from your mobile device to your computer or offline storage. You can throw a logo right on the unit itself to make sure everyone knows who gave out that sophisticated promo gift.

3-2-C CONVERTER

UNIVERSAL COMPATIBILITY

It is no secret that the world is obsessed with sharing data. The 3-2-C converter allows data to be shared at lightning speeds from a USB to a Type C connection. Data from computers quickly and easily being uploaded to mobile devices is at an all-time high. It is a must have for anyone that works on the road, or uses their mobile device for business regularly. Your logo can be done in a 3 color imprint or laser engraved. Your client is going to love getting this useful item that fits nicely into any budget.

PM 2.5 MASK

We know masks are not popular in America, but we think they should be. Our PM 2.5 Activated Carbon Filter masks can isolate 95% of airborne particles, germs, dust, chemicals, gas, pollen and more. Don't be fooled by cheap inexpensive masks that don't stop the germs. Don't put your life in the hands of the cheap alternative. The masks can be logo'd for branding and come with 4 changeable filters. One mask can help keep you safe for a month.

- Custom Printed Face Mask
- No Color Limits
- (4) PM 2.5 Filters Included
- Additional Filters Available
- Reduce the Spread of Germs
