

About Haley House

Mission Statement

To relieve the social and economic strain on families of Active Duty and Veterans being treated for life threatening diseases and trauma at James A. Haley VA Medical Center.

The fund will foster families with lodging and local transportation to the VA Hospital.

"The Price of Freedom is visible here"

We have a special privilege in the Tampa area with the James A. Haley Veterans Hospital located here. One of the hospital's specialties is the Spinal Cord, Traumatic Brain and Blast Injury treatment programs.

With the current, as well as past, military action, the center is treating an increased number of these patriots. The current-duty injured and veterans need their families nearby during the recovery from illness and injury.

For those living over 50 miles away from the center, and qualifying for aid based on income limits, the Haley House Fund is housing the families of these veterans during their treatments. Currently the Haley House has supported hundreds of families. This fund needs your support and help.

The staff is all volunteer, so your donation will go directly to benefit the injured and ill and their families.
