LAND-ROVER SERVICE NEWS LETTER Vol. 2 No. 9

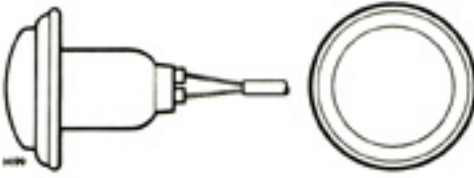

May, 1966

- Item 28** SUBJECT: **TIMES SCHEDULES**
- MODELS: Land-Rover.
- REMARKS: The times allowed for carrying out the Free Service have been revised as follows:
Free Service at 1,000 miles (1,500 km):
Petrol models: 7 hours 30 minutes.
Diesel models: 8 hours 35 minutes.
- Where it is necessary to overhaul the injectors a time of 1 hour 30 minutes is allowed.
- The remaining times are as listed in Land-Rover Service News Letter, Vol. 1, No. 34, Item 169 and Times Chart, Part No. 4537.
- For reference purposes we detail the time allowed to carry out the Pre-delivery Inspection as shown below: Land-Rover models, all types, Petrol and Diesel: 3 hours, 10 minutes.
- Item 29** SUBJECT: **STEERING WHEEL**
- MODELS: Land-Rover, all models.
- PART NUMBER: Nut, special ($\frac{1}{2}$ in. UNS) fixing steering wheel to column 1 552804
- REMARKS: A special nut has recently been introduced on Land-Rover models with the tapered spline type inner column. This nut includes a recess to clear the protruding splines on the inner column and ensures that the nut is correctly clamped to the column.
- Therefore the nut must always be fitted with the recessed face toward the locking washer on the wheel hub.
- Further details concerning the steering unit with tapered splines on inner column can be found in Land-Rover Service News Letter, Vol. 2, No. 1, Item 5.
- The new nut is suitable for all Service requirements on the following vehicles:
- Basic Land-Rover, from vehicle serial number suffix letter 'C' onwards.
 - Land-Rover 109 Forward Control, from vehicle serial number suffix letter 'D' onwards.
- Item 30** SUBJECT: **LAMPS**
- MODELS: Land-Rover Series IIA Regular, Long and Forward Control.
- REMARKS: As various types of side, tail and flasher lamps have been used on Land-Rover Series IIA models, the chart below has been prepared to assist Distributors and Dealers in identification and ordering replacement parts.

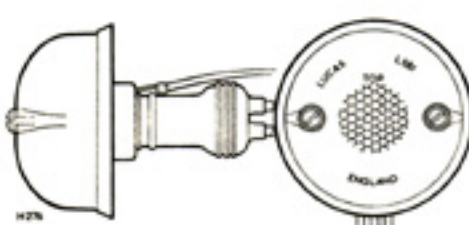

SIDE LAMPS

Model applicability	Description	Rover Part No.	Manufacturer's Part No.
