

PM 2.5 MASK

NEW!

We know masks are not popular in America, but we think they should be. Our PM 2.5 Activated Carbon Filter masks can isolate 95% of airborne particles, germs, dust, chemicals, gas, pollen and more. Don't be fooled by cheap inexpensive masks that don't stop the germs. Don't put your life in the hands of the cheap alternative. The masks can be logo'd for branding and come with 4 changeable filters. One mask can help keep you safe for a month.

- Custom Printed Face Mask
- No Color Limits
- (4) PM 2.5 Filters Included
- Additional Filters Available
- Reduce the Spread of Germs

HAND SANITIZER

NEW!

Our hand sanitizer is a 70% alcohol gel mixture that is bottled right here in California. Our sanitizer gel meets or exceeds FDA certifications and can help eliminate germs and bacteria up to 99.99%. Keeping your hands protected and free from harmful bacteria is the easiest and quickest way to stop the spread of life threatening virus outbreaks.

UV STERI-WAND

NEW!

The UV Germicidal Disinfecting lamp uses Ultraviolet Light to destroy bacterial DNA and RNA to 99.999% after just 20 seconds. It has various disinfection uses that are suitable for home, office, and travel. Its lightweight, hand-held design can easily be kept in a bag or pocket to disinfect at any time. Battery operated and branded. A great give away item to help keep people safe and free from harmful bacteria.

- Eliminates germs and bacteria that cause colds, flu, infections, asthma, and allergies.
- Odor free - Chemical free - No harmful residue - Silent operation
- Safe on baby toys, keyboards, utensils, personal hygiene products, shoes, bedding, countertops
- Requires (2) AAA batteries (not included)
- Sweep away and quickly disinfect: Simply sweep the UV disinfection stick across the surface and disinfect it in about 20 seconds
- Wide range of applications: Can disinfect any type of textiles, plastics, surfaces and clothing in contact with the body
- Easy to carry: protect the health of family and children at any time
