

Society simply won't stand for Indelicate Women

As quick as a wink, a few sprinkles of Amolin will guard your freshness and wholesomeness all day long!

AS SOON as you step from your bath, while the delicious glow of the towel is still upon you, throw under your arms a light coating of Amolin.

For Amolin is a delicate deodorizer *sans reproche*. It does not cover up odors but absorbs them as they arise all day long! It is the clean, fastidious way of disbarring from society the slightest trace of offensive personal odor.

Without smothering the natural function of the pores to exhale impurities, Amolin actually counteracts the odors as soon as they are formed. And it protects, rather than harms, your silken underclothes.

This Personal Deodorant has many uses
There are many uses of this wonderful, scientific powder! Use it after your bath, sprinkle it, if you wish, into your lingerie as you dress, put it in your slippers—you can be free with its use for it is harmless and not at all costly! It is pleasant to smell—but its odor is gone as soon as it touches you! For the great point of Amolin is that it does not cover up one odor with another, but that it neutralizes all personal odors as they arise!

So, go dancing, go shopping, swing your arms in golf or tennis, do a day's work in a hot office, for Amolin used after your bath or sprinkled in your underclothes will protect you all day long! *It is a luxurious and important necessity to dry the body and take away the sticky odor that comes from sea bathing.*

1 Always use Amolin under the arms when dressing for any social activity

2 The most fastidious women use Amolin after the bath all over the body

3 Amolin protects delicate lingerie and keeps elastic girdles fresh
