

Little Boy Blue

Little **boy blue**, **sat** on a **stool**, alone in **the** garden
He looked up in **the** **clear blue sky**
"What **fluffy clouds** up high in **the sky**" He **thought**
"I wish I could **fly** like **the birds**, and **play** on **the clouds** all **day**" said little **boy blue**.
Then he **slept** on **the green grass** and **started** to **dream**.
What dreams? **Dreams** that he **grew** wings and is **flying** high up in **the sky**.
Sweet dreams little **boy blue**.
