A letter from Sweden

I am Igor Makarov, an Israeli, ID310295142, Passport #20672278, a great scientist, my mission is of vital importance for the destiny of civilization, of the Jewish people in particular.

June 18 arrived in Sweden and July 6 applied for asylum. Migration Agency moved me to a place near Goteborg, with no laws and no prospect for my mission. My above Israeli documents seem to have been stolen by Russian agents. Somebody with my documents or their copies seems to have entered Israel before September, because the Bituach Leumi keeps sending my subsidy to my Discount bank account, 159 Merkaz Klal in Jerusalem. So Russian agents seem to plan to kill me whenever I try to return to Israel.

My former address in Haifa: 512/51 Hativat Carmeli, tel. 04-8221997, Administrator of the hostel: Larisa, tel/fax: 04 689 05 62; my P.O. Box 461, 31003 Haifa. See more online:
