USDINR CURRENT PRICE GOING TO BE A HISTORY

USDINR is going to be a history at this current price where it is standing.

People (traders and investors) are going to remember this price 81 for a very long time.

I am an Elliottician and I will upload the counts of this chart. Right now, all I can say is that this chart is going to make a big reversal. The psychology of money is telling that something big is going to happen here.
