Unlimited Health, ammo, nitro Mod:

This mod is specifically for those who want to play the game with unlimited health, unlimited nitro, and unlimited ammo or bullets. Explanation and downloading link is given in the below paragraphs.

Unlimited health mod:

In a mini militia, health refers to player life. It is appeared on upper left corner. Usually a player lost his life with some bullet attacks or electric shock attacks. But how amazing if your player never lost his life. Yes! No player can kill you either online or play via LAN wifi.

Unlimited Ammo mod:

Ammo are the bullet sets of any gun you pick in game. In normal game, each gun comes with limited number of ammo or bullets. These ammo finished after some time and other player can kill with his bullets when you are zero on ammo. But developers solved this by modifying core files and added unlimited ammo facility. Shoot as much bullets as you can and kill your competitors

Unlimited Nitro:

Mini Militia have feature of flying. Your player can fly for limited time if you have nitro. Nitro reloads after some time and then flying capability begins. Means you have to wait for nitro power to fill. But in this mod, you can fly for unlimited time because nitro will never finish. Nitro also helps to escape quickly from enemy.
