

Oration to Fro'ghla'tasch

I hereby invoke thee, spirit Fro'ghla'tasch; you who are known as one of the sorcerers of house Retztael under Azazel's rule ; I wish to & hereby perform work with you; you have the skill and are adept at bringing sex into one's life and that is what I ask from you. I desire a beautiful and voluptuous woman to satisfy my every sexual desire. Bring such a woman into my life to be my sexmate as long as I will it. In return I will make offerings to you as frequently & as best as I can. This portable altar is yours, Fro'ghla'tasch. Every item on it is yours. I will also listen to whatever it is that you have to say & will spend time with you during ritual. I will remain honest to you & expect the same from you. Once more, bring me what I desire to still my carnal longing. May our pact or agreement for mutual benefits last an eternity. Amen. (7x)
