Diane Lemman

Greenlee County Case Manager

“I am case manager for Greenlee County; I provide services for Morenci, Clifton, Verde Lee, Loma Linda, York, Apache Grove, Sheldon, Duncan and Franklin. I was born in Morenci and have lived in Greenlee County most of my life, we have raised our children here and are now watching our grandchildren grow up here. I have learned a lot from the clients and the families that we provide service for: home remedies, recipes, their family history and what it was like growing up in their day, their stories *always* amaze me. So at the end of the day I feel the people that we have helped and provide services for, sometimes for many years or for only a few months, not only make a *BIG* difference in their life but in mine also. “

“I case manage for Graham County which includes Safford, Thatcher, Pima, Solomon, San Jose and Ft Thomas. I enjoy helping out the elderly and disabled in my community whether it be getting them the in home services that they are in need of or helping them with different resources that are available to them. I enjoy the work I do and knowing the services that I am able to authorize for the residents of Graham County are a great help and may be the reason why some of them are able to stay safely and comfortably in their own home.”

Shirley Thomas

Cochise County Case Manager

“, I cover the San Simone, Bowie, Willcox, Pearce, Cochise, Sunsites, Elfrida, McNeil, Bisbee, Hereford and Palominas areas. I learned about and made several referrals to CC AAA in the mid-90’s while attending Cochise College classes with the intent of graduating with a nursing degree. During that time, I decided that I wanted to contribute to helping the aging and others who need assistance and support to enjoy a more enhanced quality of life with dignity. I changed my major @ Cochise College to Psychology with the intent to continue my education to achieve a Social Work Degree. “
