If you want us to review your tax rate, the law says you must send us a request in writing by March 29, 2021.

Your tax rate for 2021 will be 1.40%.

Your new tax rate is higher than last year.

Your tax rate is the average tax rate for your business activity.

You pay tax on an employee's wages only up to the 2021 taxable wage base: \$56,500	Unemployment Insurance (UI) tax rate based on experience	1.00%
	UI social cost rate	0.38%
	UI Trust Fund solvency surcharge	0.00%
	UI limit deduction (This deduction reduces your rate to the maximum rate.)	0.00%
	Subtotal of unemployment insurance rate	1.38%
	Employment Administrative Fund (EAF)	0.02%
	Total of the above tax rates	1.40%

Your tax rate for 2021 is based on the average tax rate for your type of business.

You must report a minimum of six quarters of wages before we can assign you a tax rate based on your experience with unemployment. In future years, when you have enough wage experience, we will assign a tax rate based on that experience.
