Rep Frederick Frazier Impersonates a Woman?

Rep Frazier, who was dishonorably discharged from the Dallas Police Department, may have impersonated a woman when attempting to have his opponents signs removed in his last election.

Via a report from the Texas Rangers Investigation:

- 2.2** “Hello John just got your number from one of your employees uh, over at Tealatte. City of McKinney and Frisco over here. You’ve got a sign on your, well I think it’s on the property owners, but trying to locate these property owners. Somebody put a big political sign on y’all’s property or are on the property. Trying to locate the owner to get them to come remove it or tear down or whatever, anyway (214) 549-4918, (214) 549-4918, thanks.” (See recorded voicemail for complete details).
- 2.3** On 02/09/2022, at approximately 3:28 PM, the manager of TeaLatte Bar, John Nguyen, sent a text message to (214) 549-4918 (Frazier).
- 2.4** “Hi I’m John with TeaLatte Bar. I will get the sign taken care of. Thank you.”
- 2.5** Frazier replied- “TY, I’m telling everyone to toss them in the trash.”
- 2.6** John asked- “What is your name so I can forward to land lord”?
- 2.7** Frazier replied- “Kerry Simpson.” (See screen shot of text messages).
- 2.8** On 02/10/2022, I met with Kerry Simpson, who is the code enforcement officer with the City of McKinney. Simpson shared a series of text messages she received from Frazier asking if he could talk with her and informing her of Paul Chabot political signs that he felt were in violation. Simpson informed Frazier in a written email that his and Chabot signs were in violation at the Stacey and East Bond location. On 02-09-2022, Frazier sent Simpson a picture of a Chabot sign (Lake Forest-Walmart) that he felt was almost in the road. (See

Rep Frazier’s excuse was that it was a miscommunication due to voice to text.

5.22 Frazier stated after reviewing the texts with counsel, he put his head down on the desk and said that’s not what his intention was, his intention was, and he did it with voice text to talk with Kerry Simpson. Frazier stated there’s no ill will to being Kerry Simpson, that’s not the intention of that text message. I asked Frazier during any of the incidents, did he represent himself as code enforcement at any time. Frazier stated, “No sir.” Frazier stated he was getting calls consistently on what to do about these signs. That’s been a consistent battle. Counsel asked for clarity as the candidate and not the city council. Frazier stated as the candidate. (See recorded interview for complete details).

Catholic Charities Assisting Migrants?

We took a trip to TPUSA's America Fest this past weekend. It was at the airport that we noticed a substantial number of migrants with travel paperwork catching flights.

Houston native and political influencer, [NuanceBro](#), managed to interview some of the migrants:

You can see in their paperwork that they were supported via a Catholic charity called Catholic Community Services of Southern Arizona.

Someone from the University of Arizona College Republicans reached out, and confirmed knowledge of the Catholic charity. They alleged the charity is assisting up to 1,500 migrants **per day** throughout Arizona with traveling throughout the country. They also stated that Border Patrol will drop these migrants off at the charity, where the charity will then assist them with getting flights.

Our UA College Republican source also stated that the majority of these migrants are North African and even have their own TSA line at PHX airport.

Huge if true.

Crenshaw Self-Owns on Impeaching Mayorkas

Perhaps the worst Texas Republican in Congress, Rep. Dan Crenshaw self-felted by randomly tweeting "impeach Mayorkas," despite skipping town during the impeachment vote.

BREAKING: Per CBP sources, there were more than 12,600 migrants encountered at the southern border in the last 24 hours, the highest single day total ever recorded. The true number is *significantly* higher because there are thousands still waiting to be processed in Eagle Pass...

However, people are used to Crenshaw’s smokescreen of competence, and detected the scam speedily. Many X users quickly roasted him, including State Rep. [Matt Schaefer](#).

The one-man cringe compilation is known for less-than-conservative behavior. He’s infamous for backing “red flag” laws, desecrating Southern monuments, supporting a national vaccine database, and assaulting comedian [Alex Stein](#).

State Rep. Jetton Outed As A Former NeverTrumper?

Recently, the *Houston Chronicle* attempted to write up a puff piece praising pro-impeachment, unpopular state Rep. Jacey Jetton (HD26.) In their attempt to portray him as the ideal Republican, they revealed a LITTLE too much, including his worship of Nikki Haley and the Bush clan. **This is exhibit A of what NOT to do when appealing to the base.**

Jetton, 40, identifies as a Reagan Republican. He likes Abbott, Rick Perry, Marco Rubio and Nikki Haley. He paused for a few seconds before conceding that he's "always been a fan" of the Bushes.

Conceivably the most damning section, Jetton confessed to not voting for Trump in 2016, thereby increasing the risk of a Hillary Clinton presidency; to his credit, he did claim to vote for Trump in 2020. His third party vote is hypothesized to be for CIA agent Evan McMullin.

Jetton only mentioned Trump's name in passing as he criticized rampant "tribalism" in both parties, but he hesitantly admitted that he didn't vote for the former president in 2016 (he was originally in the Ted Cruz camp and ultimately voted third party).

Jetton is enduring a volley of well-earned criticism after his vote to impeach Paxton, and seems quite hated among his party's base. It will be interesting to see what happens to him in March.

That's it for this week!
