Gen Leon Johnson (tel) re Donald Beck and Capt. Boothe.

Mr. Rosenblatt (tel)-Called about A-2 letter.

Gen Samford (tel) - Re Rosenblatt call. Letter went out on 14th.

Ad. Inglis (tel) - Setting up trip to Maxwell Field on 10th Dec.;
letter going out to effect that Admiral & Gen
Van will speak on 11th if it fits into schedule.
Also said he thought Schrader was good man;
will retire at \$5,000--could be given \$8,000
with only \$3,000 outlay. Suggested he would be
good as asst. to Harris or as head of contact
shop not yet set up.

To S/W luncheon for National Guard & Wing Commanders.

To see Gen Chamberlin - Saw Gen Chamberlin regarding our proposed request
to the War Department

Wright
Galloway
Edgar

Chamberlin gave me an
unequivocal "no". Talked this over with Galloway and Wright
and we decided to let the matter drop for the present.

Wright - Discussed with Wright the advisability of forcing G-2
to change their instructions to Military Attaches regarding
counter-espionage. Their instructions give a much too narrow
interpretation. We decided that our representatives would
carry out our instructions and therefore there was no use
trying to force this through either.

G-2 On every turn we are meeting increased opposition to
any constructive effort on our part on the part of G2.

Col Galloway - Withdrawing suggested letter on Military Attaches.

Col. Harris - Designation of individuals to administer oaths.

Col Harris - Approved schedule of officers authorized to certify vouchers for payment.

Robert T. Elson of Time Magazine - Talked to Mr. Robert Elson of Time Magazine who was inquiring about Von der Becke, Braden and Eisenhower and War Department vs. State Department policy. I indicated to him with no uncertainty that the Chief of Staff would not engage in any such policy matters and that he realized fully that he was an executive branch to carry out the bidding of the policy makers, and that any reference to policy, one War Department and one State Department, was wide of the truth.

Capt. Cullen - To pay his respects and ask for fitness report from Gen Vandenberg.

Capt. Bennett (tel) - (Gen Eisenhower's pilot) asked Gen Van to be his son's godfather.

Gen Chamberlin (tel) - Reported highly classified message from Caldwell. Asked if Gen Vandenberg had copies. Was directed to Gen Vandenberg in care of Chamberlin. Gen Chamberlin does not know whether he is to make distribution or whether the message center is to make the distribution, but will look into it.

Mr. James Goddard -

Col. Holman from Hawaii (tel) - re taking package to Gloria.

Gen Fleming - Had lunch with General Fleming and Col. Galloway at which time we took up the space requirements of CIG. It was pointed out that eventually it would be better to get one complete building. During the conversation, General Fleming indicated that the move of the State Department into the New War Building was not too imminent. I suggested that since he had stated that June 1947 would see great relief in the housing shortage that if possible the State Department move be delayed until that time. I also pointed out that the Engineer Building in Virginia was not fully used but would exactly meet our requirements.

Mr. Charles Codman (tel) - From New York City. Since Gen Vandenberg will not be able to meet him in New York on Thursday or Friday, he will be in Washington and will come to see Gen Vandenberg on Friday morning.

Col Carter Clarke (tel) - Wanted Quinn to see Solomon and not go thru Galloway. Gen Vandenberg objected; Col Clarke will hold off and will explain next time he sees Gen Vandenberg.

Gen McDonald (tel) - Asked about A-2 attitude toward British Observers going to Alaska. Gen McDonald told Gen Van there was a fellow from the spot where Bert Balchen was who had recently returned. Has prepared a report which McD. will expedite to Gen Van. Now in New York; McD. will make sure that Gen Van has opportunity to interview him. (R.C. Durham)

Col Graling (tel) - Gave CIG clearance on Brit. Observers going to Alaska insofar as cold weather maneuvers were concerned since CG, AAF approved. Discussed President's plane taking Secy Snider to Mexico and possibility of Gen and Mrs. Van going along in it.

Col Galloway - Showed me a cable that indicated the beginning of McArthur's intelligence people's desire to operate our SO, and I approved a cable clearly indicating that this would not do.

THURSDAY, 21 NOVEMBER 1946

Admiral Inglis(tel) - [redacted] of New York claims to have official connection with CIG. Getting in everyone's hair. Has WD identification signed by Quinn. Is offering \$20 p.d. plus traveling expenses. Specifically has approached (18 Nov) young naval reserve officer, formerly with ONI--also many others. Gen Vandenberg will check and report back.

Concerning certain fellow who has reportedly had a heart attack who belongs to Army of a foreign country, there is a little evidence that he is still in this world. At least one scrap of evidence points to this fact. One of his countrymen got tight and said that he was. Whether this was a plant or an inadvertance is not known, but he seemed happy about it.

Col Galloway (tel) - [redacted] was working for SSU under War Department. Is man J. Edgar Hoover brought to CIG attention. Is not an employee of CIG and never was. Services have been terminated, but was given 30 days notice. (Subsequent report - services terminated as of 5 Nov 46; is winding up investigations which he had under way)

Ad. Inglis (tel) - Informed him that [redacted] had never worked with CIG, but was SSU and services had been terminated with 30 day notice.

Mr. Edgar - Discussed State Department policy statements with the General.

John Mitchell - (Gen Sibert desired that Gen Vandenberg see him.)

Mr. Hart (tel) - Leaving country and would like to see Gen Vandenberg.

Gen McDonald (tel) - (Left message for Gen Vandenberg) Robert C. Durham, 430 E 57, NYC. Does not know telephone number; this is father's place of business. Suggests CIG representative call on Durham. Does not know whether he desires permanent, temporary or what. Would recommend him in any status because of his knowledge of country(same as Bert Balchen) and ability.

Col Fulton(tel) - (Left message for Gen Van) Re contemplated visit to New York on 7 Dec, going to wire Mr. Anderson of Minneapolis to come to Washington--will have party here night of 7 Dec. or Sunday, 8 Dec. Gen Van said he could not go to New York, but to inform Col Fulton that he and Mrs. Vandenberg would like to participate in party here and pay their share. Reported this to Col. Fulton.

Mr./Hart - Hart is a pen name for a former Polish officer, serving with the British. Came in to enlist my aid in throwing him into contact with a General Grausch by having Grausch thrown off an airplane and forcing him to travel with Mr. Hart. He stated that Gen Grausch had given him indications that he wanted to talk about the present regime in Poland and that he was apparently anti-Bolshevik. I told him that of course what he asked was impossible as such things could not be done in this country, and I wished him a good trip. He was obviously seeking (a) information for the British SI and letting us pay for it; or (b) in an amateur way attempting to ingratiate himself with us with the thought that we might hire him in the future. I feel sure that he is tied up with the British SI.

Mr. Myran Taylor, New York (tel) - Re certain lady mixed in deal in Rumania.

Mr. Joyce (tel) - Re Mr. Taylor's call. Told him to remind people to keep an eye on the lady. Alert them and give them a little background. Would be quite a feather if we could recover even part.

Col. Barton - Gen Van wants Barton to get more information on Willmore Kendall. State Department willing to furnish him.

Capt. Larrimore (tel) - Told him for Gen Van that Mexican trip may be extended. Would do more harm than good to sponsor something and not be able to be there. If General gets back, he will contact Larrimore for tickets.

Gen Bonner Fellers (tel) - Recommended Gen Van see Miss Kucyznaka. She has been with MacArthur since he left Australia. Has done a magnificent job. Speaks Polish and Russian. Is Polish but will take out citizenship papers. Loyalty is strongest trait. Will send letter about her. Gen Van will see Friday.

Mr. Pforzheimer - Submitted summary of the short-comings of the Espionage Act which Gen Van had requested. Particularly this covered the difficulty in prosecuting under the act; included copy of WD recommendations to the Attorney General for suggested revision.

Mr. Huddelson, State - Regarding black book.

Col Galloway - Warned Galloway of the purported lack of confidence in his security on the part of Carter Clarke.

Mr. Charles Codman of Boston -

Mr. Huddle - Activation of CIG Scientific Branch. Discussed Woodruff
Col Wright for chief and Froggy Reed. (Dr. L.F.Woodruff & Col.F.F.Reed)
Dr. Robertson

Dr. Bowles(tel) - Re selection of Scientific Branch chief. Recommended
Woodruff as chief with a good administrative officer
at his right hand.

██████████ - Asked if we would keep the airmen on the documents
project. I assured him we wanted them.

Mr. Fred Lyon (tel)- Reported to Gen Vandenberg that it had been said
that the General had not called on ██████████ when he was
last in Mexico and urged that he do so this time. Gen
Vandenberg did see ██████████ on several occasions last
time, but said he would make a point of seeing him this
time and thanked Mr. Lyon.

Gen McDonald - Came to see what part of their A-2 could be taken care
Gen Samford of by CIG due to possible A-2 cuts.

Col Galloway (tel) - Reported that Gen George had left for West Coast
this afternoon. Gen Vandenberg will call again when he
returns from Mexico. (Gen George to be gone 10 to 14 days.)

Col Wright - Discussion of paper on the proposed Act to set up
Mr. Edgar CIG under NIA by Congressional approval. I pointed
Mr. Pforzheimer out that the present paper by inference would annoy
Col Dabney the State Department as written, and that there was
no sense in submitting it until such obvious red flags were
eliminated.

Cmdr Geo.M.Elsey(tel) - Gen Van told him that he did not like the way
White House the implementing Act for CIG was written and
believed that it trod unnecessarily on the toes of the
Secretary of State. It will be redrafted.

MONDAY, 25 NOVEMBER 1946

Gen Sibert - Discussion of trip to San Francisco and contacts with religious institutions, the upshot of which was that I was told to lay off of them for the time being and concentrate on the business contacts.

Dr. Parkman - Talked to Dr. Parkman about taking on the job with Col Wright Sherman Kent of lining up the various educational institutions for our research talent.

Gen Sibert - Discussion was on whether or not we should select and appoint a man who would make it his sole business to exploit the foreign embassies and legations here mainly through social contacts. The Director thought that Mr. Hoover would object at this time to any such thing and that we should concentrate on the business end before branching out to any such venture but that, in principal, it was all right; to bring it up a few months from now.

Col Galloway - Talked with Gen Vandenberg re Dalman and Wenner who Col Wright participated in the Sunrise Operation and are now held captive in Italy.

Col Dabney - Col Miller, A-1, has sent a Captain over here to get
Col Shannon some information concerning the Air Force representatives in CIG for Gen Spaatz. We will give him present AF representation and what we would like to have in order to give the AF or A-2 equal representation with the G-2, State and Navy, with a strong indication that we would appreciate A-2 giving more personnel. He also wants the overall strength of CIG which it is not contemplated releasing because that includes civilians which has no bearing on the representatives of key personnel from the four departments. If the A-1 representative insists he wants that list of civilians, will suggest that Gen Spaatz have some one call Gen Vandenberg.

Captain Goggins - Captain Claiborne came in with Captain Goggins to
Captain H deB. give me a firsthand picture of the operations of
Claiborne, USN our China Unit and its relations with the 7th Fleet,
its morale and general ability. (2723 Ordway St., NW)
