

The Safety Measures of  
**FILDENA SUPER ACTIVE**  
Oral Drug

# An Overview of Fildena Super Active

- The fildena super active is a generic version of Viagra.
- It is composed of Sildenafil Citrate, which is a potent PDE5 inhibitor medicine.
- This medicine has known for increasing your endurance.
- The active component is FDA Approved.

# Basic Safety Measures of Fildena Super Active

## 1. Oily or Fatty Food

- When you want to use fildena super active, make sure to avoid junk food.
- Consuming such food items slows down the action of fildena super active.
- Usually, the fildena super active has to be taken on an empty stomach.

## 2. Grapefruit or Grapefruit Juice

- Grapefruit or its juice should not be used when you want to take fildena super active.
- Consuming the grapefruit can interact negatively with active drugs.
- It can be very dangerous for your health.

### 3. Alcoholic Beverages

- Avoid excessive consumption of alcohol while using fildena super active; it can be very hazardous for your life.
- Consuming alcohol when you want to use [fildena super active](#) can drop your blood pressure suddenly.
- This also decreases the drug absorption in your body.

#### 4. Do Not Use Fildena Super Active In A Recreational Way

- Recreational use of fildena super active should be avoided completely.
- Do not take this drug unless it is prescribed if you are suffering from ED.
