

In this writer's opinion, Judge Steve Dozier should be the national poster person for dishonest, rigged trials in America. On Nov 13, 2021, Judge Steve Dozier shrewdly used the Tennessee Innocence Project and Amanda Knox to project a public image that he cares about "wrongful convictions." Amanda Knox has now been abused by the Italian judicial system, and Judge Steve Dozier, who grotesquely used Ms. Knox's image to protect the John Perry child sex abuse cover-up, which has now collided with the alleged child sex abuse of 11-year-old Gracie Solomon, and the alleged murder of 18-year-old Grant Solomon. On Nov 18, 2021, five days after the posting of this photograph, the Tennessee Supreme Court protected Judge Steve Dozier, and the John Perry child sex abuse cover-up. As always, a picture is worth a thousand words. To learn more, visit The Silent Bell web site: <https://www.thesilentbell.org/>

Glad to be a part of the annual fundraising event for the Tennessee Innocence Project. Amanda Knox gave heartfelt thoughts on her firsthand experience dealing with a wrongful conviction.
