

About Ship Smart

Ship Smart has established the knowledge to create the ideal packaging for practically any goods over the last 20 years. We can offer the best costs on a variety of shipping services because of our long-standing ties with professional shipping businesses.

Ship Smart is the industry leader in small move and furniture transportation with reasonable prices and outstanding customer service.

Ship Smart has always put a premium on offering the best customer service in the business. We understand how stressful in relocating, therefore our top priority is to make sure that all of our clients are well-informed and confident in their decision.

What is a small move?

Any collection of items weighing less than 2000 lbs is considered as [small movers](#). Large movers involve loads that weigh more than 2000 pounds. Smaller changes, on the other hand, are exactly what we're looking for.

Some examples of small moves:

- Sending a few items to a friend or family member.
- Moving a small office, store or shop
- Moving to a college or university.
- Moving a few pieces of furniture and some boxes internationally.
- Helping your parents move to an assisted living facility.

Why Ship Smart?

Ship Smart has been in the [small moving](#) industry, making the small relocation process simpler, easier, and, overall, a whole lot better. Work with the best if you need a small move professional on your side.
