## Small moving

Looking to move a small load – long distance – and it is not quite big enough for conventional [small movers](#)? Maybe you're just looking to move some boxes, a few pieces of furniture or perhaps a small apartment? Well look no further, Ship Smart can help; in fact, we specialize in small moves. Most moving companies are designed to handle large loads, typically 2000 lbs. and above.

## Small moves

[Small moves](#) are any collection of goods that weigh under 2000 lbs. Loads that are more than 2000 lbs. are considered large moves. But the small moves are right up our alley. Well not everyone needs to move a full truckload or a whole household of items. So why pay for something you just simply don't need? Here at Ship Smart we've been helping people with that exact situation for 20+ years! Our pricing is based on your actual inventory: so, you only need to pay for what you're moving!

Need full service inside delivery at destination or would you prefer to cut the costs more? If the budget is on your mind, simply have the items dropped off to ground level at your residence or business, better known as our curbside service option.

## Small load movers
