### **Plants**

Do you have any of these plants in your home? If so, you should move them to a place that your pet can not get to them or get rid of them altogether.

|  |                             |                             |
|--|-----------------------------|-----------------------------|
| Aloe                                   | Dieffenbachia               | Marble Queen                |
