

# Biography

---

Welcome to this Web Page / PDF (My **BIO**)! My name is **Peter Arnold**, from **Canada**. We've ALL witnessed many **CRISES** recently [ ([COVID](#)) - [UKRAINE](#) - [ISRAEL](#) - [POLITICS](#) - [INFLATION](#) - [ECONOMY](#) - [CLIMATE / GLOBAL WARMING](#) - etc ]. We're living in very "unsettled" times - with most of us wishing for more peace & security / better health & finances / greater happiness - in our lives.

---

**BACKGROUND** - I've been a Business & Financial Consultant, as well as a Natural Health & Wellness Advocate, for many years now. << (**Click**) Visit my Business & Financial Consulting Site, if you like.

---

**Three (3) PASSIONS** - MY (3) most critical passions have centered around - **HEALTH Freedom + TIME Freedom + FINANCIAL Freedom**. BUT, sadly - there seems to be a "mass misunderstanding" - about all 3. So, over the years, within my own professional practice, and in my own deep research, and testing - I've developed what "I" believe to be solid information, and sound principles, on each. See next ...

---

**OWN Your Life** - Here, I "expand" the FREEDOM search ... to << (**Click**) ----- include all (3) ... [HEALTH + FINANCIAL + TIME Freedom](#) ... for how we can truly >>> OWN our **Freedom** - and >>> OWN our **Lives**.

---

**BUSINESS** - I am a Business & Financial Consultant [as mentioned above] - a Certified Financial Coach - and a Natural Health & Wellness Advocate [good **HEALTH** - is "vital"!].

My practice specialty has been with Health Practitioners / Professionals / Entrepreneurs, many [most] of whom are [HURTING financially](#) - or [STRESSED](#) >>> especially [WOMEN](#).

I have tried to assist them - to exit the rat race - to improve their health - and to better secure their financial futures ... and in 'other' ways ... that, sadly, the vast majority of [CPAs](#) / [Financial Planners](#) / [Attorneys](#) / [Tax Experts](#) today - simply do **not** "teach" their clients about - or educate them on [regarding ... more **FREEDOM** .... more **eLearning**, etc].

**MINDSET** - I've also had my own personal share of ugly upsets / challenges / struggles over the years - just like everyone else - and this has caused me to concentrate deeply on my MINDSET (doing my "best" to stay POSITIVE, and Optimistic - not always easy). But I do believe, strongly, in the "power" of **SELF-TALK** in our Mindset >>> [Click HERE](#).

**PERSONAL** - Mary Ann (my wife, who sadly, died in 2022 ) - she and I were blessed with 2 great sons, 2 sweet daughters-in-law, and 4 adorable grandchildren >>>>>>> [HERE](#).

**[[ MLM CONFESSION** - I 'confess' - I WAS involved [part time] in the **MLM-Networking** industry. My experience spanned over a 30 year time period, with 'many' different companies [Pro & Con].

I 'also' served on the Board Of Directors of their professional association, representing Canada, for over [4] years [ANMP] - so I believe I do have a pretty good "feel" for this whole industry. ]]

**[[ Bottom Line** - I have many friends in this industry - who I respect - and whose friendship I treasure - but frankly, I see MLM as a [largely] BROKEN Business Model ... with highly over-priced products, etc.

NOT that all MLMs are BAD - **no**. All I'm saying is, tread carefully. >>>>>>>>> [Click HERE](#). ]]

---

**PRIORITIES** - Family // Health // Spiritual // Friends // Biz Assoc & Clients // Customers.

**LIKES** - include: good books, pizza [veggie], wine [red], coffee [black], potatoes, music [*Jerry Vale: [Here](#)*] + *Engelbert H: [Here](#)* + [*IL.Divo: [Here](#) & [Here](#)*], movies [007's, spy thrillers].

**VITAL** - When I ask someone to TRUST the **integrity** of some info. I might share with them - why "should" they trust me? After all, they know very little about me - what kind of a person I really am - my 'full' background - my ethics - my principles ... it's almost nothing. So, it's my sincere hope that I may 'earn' some of your **T.R.U.S.T**. Thank you.

**FACT:** Most people today ... want to "earn GOOD money" ... wish to "have a BETTER life" ... dream of "more FREEDOM" ... and they desire all these gifts, not only for themselves - but for their families. More and more people today are turning to the **INTERNET** for many answers ... including - the idea of some kind of a Home Business / Side-Hustle - perhaps an MLM - or possibly a part-time, Online, Affiliate Marketing eBiz - or whatever.

B-U-T - doing ANY of the above - is NOT easy. NO. Among other things, it requires - discipline / determination / good mindset / hard work / time / patience ... and perhaps above all - a 'proper' **Marketing SKILLSET** ... which can only come from ... a 'TRUSTED' **T-R-A-I-N-I-N-G** Resource, in order to bring to them (to us) - 'that' extra Freedom / Financial Security / Health / Happiness.

**PROVEN** - After some deep research / study / testing, I believe (know) I "found" such a trusted TRAINING Platform ... with exceptional PRODUCTS ... plus an 'unusually' attractive eBusiness OPPORTUNITY ... ALL together. This is one that has endured ... that has "passed the test of time" - for countless Entrepreneurs and Pros (both total BEGINNERS + fully EXPERIENCED).

This is not ... MLM-Network Marketing / DropShipping / Crypto-NFTs / Facebook Ads / PPC / eCommerce / D2C / Amazon FBA / eBook, or eCourse Sales / Local Lead Generation / Cold Calling / Coaching.

This is about having - more **FREEDOM** - from the pain of ... Overdue Bills / Escalating Debt / Evaporating Dreams / Uncertainty / Fear ... and more.

**CRITICAL** - This can be operated Part-Time - from Home - being especially attractive for **WOMEN**.

IF ... any of the above sounds, at all, of interest to you ... I will be pleased to share info. with you.
