

# Rights of Rivers Challenge!

## Rights of Rivers

1. The right to life, & life sustaining processes
2. Right to the diversity of life under water & preservation of riparian eco-systems
3. Right to fresh clean water without pollution
4. Right to restoration & free from encroachment
5. Right to preservation & freedom from contamination
7. Right to lie in harmony with mother Earth
8. *What additional Rights of Rivers would you add?*
