

Vital Blood Scan & support options overview

Vital Blood Scan

Blood showing your Vitality

healthyvitalizers.com

1. Vital Blood Scan (VBS) just 5 prints of 1 drop of blood on a microscope slide, reveals your vitality including an indication of your future vitality. The Vital Blood Scan is for anyone, young or old, who wants to optimize vitality or for those who want to know if there is something going on in the body that needs attention. This Scan is the best and safest way to get an all-round insight. Reporting is done in a (recorded) Zoom call where blood pictures are shown and explanations are given. *Energy Exchange (EE) € 197,*

Vital Blood Scan Xtra

2 body scans to measure your vitality

Vital Blood Scan

Bio-Resonance

2. Vital Blood Scan Xtra (VBS Xtra) a very safe & easy scan option involves 2 all-round body-scans, for mapping what are the underlying causes affecting your vitality. Besides the Vital Blood Scan (test 1) as described above the Bio-Resonance machine (test 2) test extensively what the imbalance(s) are to get deeper into the root cause(s). With this information, you can work constructively on optimizing your vitality. See [video](#) (double test-scan). *EE VBS Xtra € 597,-*

Check-Scan

Before: After:

Unwanted Sickening Desired Vitality

Monitor your Forever Vital results

Adjust or fine-tune, taking the next steps to optimize your vitality

healthyvitalizers.com

3. Check Scan the purpose of the Check scan is that you monitor your results compared to the first Vital Blood Scan. It is perceived as encouraging and highly motivating to know the progress you have made. No guesswork as to whether something is working, but a well-founded structured measurable plan of action that you are sure works. *EE Check Scan from € 197,- for Check Scan Xtra € 497,-*

Supplement testing

Does it work? ... Or doesn't it?

Be sure your body gets what it really needs!

Forever Vital supplement solutions work immediate because they are Natural & Pure Harmless & Easy to take for you, elderly, child & pet

healthyvitalizers.com

4. Supplement testing The Bio-resonance machine tests which supplements or medicines your body currently needs to optimize your vitality. In a simple digital report, you read the amount, how often and for how long and which combinations give the best results. The supplement test saves you money, time & energy because your body & mind gets what it really needs, and this leads to the desired results. *EE € 75,- Often done in combination with the VBS*
