The Mission of the Friends of the Saskatoon Afforestation Areas

We work to protect Saskatoon's two heritage afforestation areas. George Genereux Urban Regional Park (60 hectares) was planted to trees in 1972, and named in 1979 by Saskatoon City Council. The nearby 132 hectare urban regional park is named Richard St. Barbe Baker Afforestation Area after the Global Conservationist.

The rich geological, historical, natural, and cultural heritage of the areas honours our past. As places for hands-on learning about conserving our environmental heritage they ensure our future.
