

## Adopt a tree

Stbarbebaker.wordpress.com friendsafforestation@gmail.com

Adopt a tree and care for it. i.e. bring out water. Have a special tree friend, take a picture of it on iNaturalist, share your tree friend on social media. Receive an "adoption certificate" for your tree friend, and receive an email from your tree. Send an email to friendsafforestation@gmail.com with an iNaturalist link to your "tree friend."
