

miyo-wāhkōhtowin

Can you learn the correct protocol, to invite Kihteyayak (Elders) to speak to your classroom, or group? A great place to meet would be next to nature in the afforestation areas. This Wîcihitowin (sharing) of Âtayohkewina (legends) or Âcimowina (personal story) is one way to engage in miyo-wāhkōhtowin (good relations).

Sâkihitôk mina wicîhitôk.
Love one another and help one another.
