MISSION FRIENDS OF THE SASKATOON AFFORESTATION AREAS

EXPLORE TODAY

We work to protect Saskatoon's two heritage afforestation areas. The largest afforestation area (132 ha) was planted in 1972 and named after Baker by Saskatoon City Council in 1979. The nearby George Genereux Afforestation Area is 60 hectares.

The rich geological, historical, natural, and cultural heritage of the areas honours our past. As places for hands-on learning about conserving our environmental heritage they ensure our future.
