Re: *Nude lippie girls*...

Oh gosh...I mainly own ONLY nude lip shades, so I'll just name a few! 😊

BTW, I use a lip pencil by Lord&Berry called NUDE for ALL my nude lipsticks 😊.

For a COOL toned brown beige nude:
-MAC Fondle + MAC Crystal Beach Gloss

For a Mauve Nude:
Trish McEvoy #90 (don't know what this has been renamed, but ANY mauve/nude will do!) + MAC Crystal Beach Gloss

OR
TMcEvoy #90 + dab of MAC Fleshpot on pout

For a TRUE Beige Nude:
Trish McEvoy #84 (or #82) ...a warm beige color + MAC Crystal Beach Gloss

or

MAC Fondle (cool toned) + Trish McEvoy #84 (or #82) + MAC Crystal Beach

For a WARM peach nude:
-MAC Malt + Mac Myth + Mac Crystal Beach Gloss

For a Cool Pink nude:
MAC Emotion + MAC Fleshpot + MAC Crystal Beach Gloss

For a Neutral Camel Beige Nude
MAC Siss + Mac Crystal Beach Gloss

or

MAC Siss + MAC Tanarama (evening look)

For Rose Beige Nude
Sebastian Trucco Lipstick in Pink Beige + MAC Crystal Gloss

Ok, those are a few of my FAVE Nude lip looks.

EYES: Always SMOKEY! (I use any of the following colors: black, char brown, suede browns (cool tones!), muted burgundy, mauve, olives, khaki greens, grays, DEEP teal (as a liner), DEEP Navy (Mac Khols are great for this look! I use Blooz).

Cheeks: au naturelor just Very subtle "barely there" color. MAC "Bamboo", a large e/s ...is actually a FAB "barely there" color! Look at the other large e/s palettes, too! The light pinks, peaches, tans all make GREAT blushes!
