**Start by introducing yourself,  
(Hello and welcome to my Combat training, I will be your host. There will be 3  
rounds,  
during this combat training I expect you to be disciplined and mature ....)**

**For each round you will let the attendees choose the map and the gun, you will  
choose them randomly with the commands ":ff random" and ":fire random".  
The OS will always be 11.**

*Remember to do a final wedge and log the event in <#933829279576367175>  
(#event-logs).*
