

# University of Manchester

## Overview

In Manchester, England, there is a public institution called the University of Manchester. It belongs to the Russell Group of prestigious public institutions in the UK and is one of the most renowned public universities. The university's slogan is "Knowledge, Wisdom, and Humanity." It has started the ground-breaking Stellify effort to provide every kid the chance to change the world. The university demonstrates its value on "Stellify," which means "to convert into or to become a star." It demonstrates the road toward adaptability and sustainability that all students will take in order to go above and beyond. At Manchester, students can "stellify" themselves. The University implements innovative efforts for the esteemed extracurricular and academic distinction. The only university in the UK that has an impact on social and economic wellbeing is Manchester. More than 150 social responsibility activities that are a part of the annual Making a Difference Awards are recognised by the University, which is driven enough to grow, take the lead, share ideas, and do so. Public events, activities, and world-class research influence people's perspectives on social responsibility and motivate them to take action to cooperate equally for the benefit of their communities. Better health, environmental sustainability, cultural engagement, public engagement, civic engagement, UN sustainable development, and other things are all examples of social responsibility.

## The University of Manchester: Rankings and Achievements

- Ranked 51st in the [Times Higher Education](#) World University Rankings 2021
- Secured 27th place in the QS World University Rankings 2021
- Secured 18th place in the Times University Guide 2021
- Ranked 25th in the Guardian University Guide 2021
- Secured 36th position in the Academic Ranking of World Universities 2020
- Secured fifth place in the 2014 Research Excellence Framework.
- Manchester wins 25 Nobel Prizes among current and former staff and students.

Still, Manchester holds the excellence in research fields as its 83% of research activity was judged to be world-leading (4\*) as well as 'internationally excellent' (3\*).

## History

The Victoria University of Manchester and the University Of Manchester Institute Of Science and Technology (UMIST) were combined to form the University of Manchester, which was founded in 2004. The red-brick institution was established in England's major industrial cities and was renowned among the nine civic universities of the 19th century (after the civic university movement). The University of Manchester's main campus is situated on Oxford Road, just south of the city's centre, in England. The University is the third largest and only single-site university in the UK. It is initially separated into three faculties and then into schools that offer undergraduate and graduate degrees. The institution is well-known for its financial endowments, and it has the fifth-largest endowment of any university in the UK, behind the prestigious universities of Cambridge and Oxford. The University is responsible for running the Whitworth Art Gallery, Jodrell Bank Observatory, the UNESCO World Heritage Site John Rylands Library, and the Manchester Museum.

## Facilities and Services

- The University Research Faculties provide many facilities like Flow Cytometry Facility, Genomic Technologies Core Facility, Electron Microscopy Core Facility, and so on.
- Conference Facility.
- The University of Manchester provides an opportunity to work after completing undergraduate or master's degrees. The New Graduate Route offers two years' work placement facility to the graduates. Even, the Ph.D. holders are eligible to stay for three years to gather work experience.
- Students can access books by using the Click and Collect Service.
- High demandable Study spaces are available at Library sites and in halls of residence.  
Students, staff, and researchers get expert supports from a special and well-equipped libraries. Therefore, award-winning skills support 'My Learning Essentials' and 'My Research Essentials' are the two active Online supports.

## Student Life

The largest students' union in the nation is based at the University of Manchester. The Union represents students and advocates for their welfare in every way possible. It is sufficiently busy from the university's first week until Alumni Night. As a result, the institute offers services that have won awards and maximises the academic experience. Students from many ethnic groups, cultures, languages, and faiths organise community events and make friends from all over the world. The University of Manchester Union and the UMIST Students' Association were combined to become the current University of Manchester Students' Union. As a result, an executive team of eight people is dedicated to working towards the institution's improvement. Sports opportunities and wellness centres are available to students. On-campus facilities include the Sugden Sports Center, the Armitage Sports Center, the Manchester Aquatics Center, and the Wellbeing Rooms. The university's holistic development is managed by the students, who also offer free

sports and wellness activities, counselling services, and workshops on time management, essay writing, and reference. Volunteering opportunities and social responsibility are taken extremely seriously, and students can always ask questions or report issues. Apart from them, Manchester students with care experience are still quite busy providing financial assistance, emotional support, free as well as independent counsel, support for disabled students (DASS), and other services.

## **Living Accommodation**

The city is a haven for art and culture, filled with greenery and embellished with museums, theatres, and art galleries. The City lodging is where classes are held and where study rooms are located. The campus of the institution is surrounded by urban streets and green parks. Walking to the north and south of the campus barely takes five minutes. Bus service is widely available along the Oxford Road corridor. International students are guaranteed housing through the university. The popular housing option close to the academic campus is Denmark Road. Another popular building that offers amenities including self-contained flats, shared kitchens in each apartment, modern en suite bathrooms, multimedia common spaces, a laundromat, etc. is The George Kenyon Hall. The annual festivities are put up by a vibrant Residents Association. A microwave, toaster, cooktop, freezer, etc. are all included in the kitchen/comprehensive lounge's equipment. The Horniman House, which is among fantastic transportation options, shopping, and restaurants, is located on the corner of Oxford Road. Self-catered Weston Hall is a dormitory run by a residential life staff. Whitworth Park is located next to the student union, libraries, and the sports complex. There is an on-site bar, a computer cluster, a sports complex, on-site security, key card access, and a laundry facility accessible. The Wright Robinson Hall offers double occupancy rooms, single study bedrooms, telephone and Ethernet connections, closet space, washbasins, and other amenities.

## **Transport**

Manchester's public transportation infrastructure is well-developed enough to allow for simple movement between locations. Bike, bus, taxi, train, and tram commuting options are available for students. The cheapest way to get about the Manchester student neighbourhoods is by bicycle. Students continue to enjoy taking Manchester's Magic buses because the fares are significantly less expensive. Employees and students of the University of Manchester are given free passes to travel in the Sackville Street and Oxford Road neighbourhoods. At Piccadilly Station, a taxi that costs about £5 is available. The two main train stations, with the practically free bus link, are Piccadilly and Victoria. Manchester's regular tram service is called Metrolink. Last but not least, the Manchester Airport offers frequent flights as well as first-rate rail and road connections to the rest of the UK.
