

Vivomotion 2017 Review

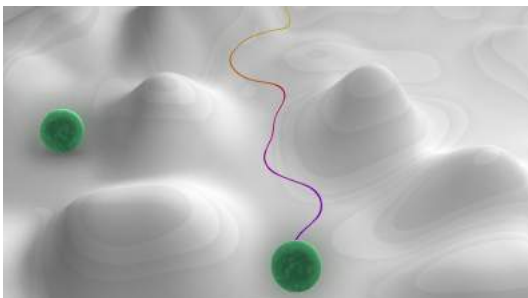

[View this email in your browser](#)

Happy New Year 2018 to all clients past, present and future.

The Vivomotion team would like to thank all our clients for their support over the years. 2017 saw us move into our 5th year of trading and we owe this milestone to working with some superb customers - to you we say
THANK YOU!

Some Highlights from 2017

MRC

Protein
Phosphorylation and
Ubiquitylation Unit

Live films were produced to show scientists and medics how to carry out specialised protocols developed in the lab of Prof. Dario Alessi at the

Work we carried out for Prof. Rory Duncan from Heriot-Watt University was published in [Current Biology](#).

MRC Protein Phosphorylation and Ubiquitylation Unit at the University of Dundee.

We caught up with old friends and new at this years BioDundee conference.

Mhairi presented the Vivomotion story at this years Scottish Microscopy Group Symposium at the Beatson Research Institute as part of their public engagement lecture series.

Vivomotion was named in Business Cloud UK's 101 Rising Stars in Tech for 2017.

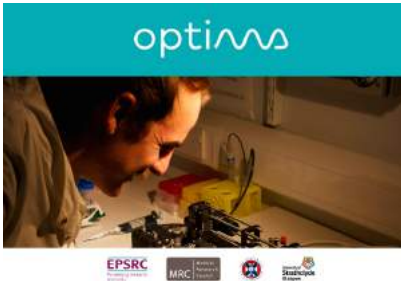

Mhairi has continued with her training workshops - some examples below.

A training day at Crieff Hydro for the University of Glasgow MRC/CSO Social and Public Health Sciences Unit looking at how to present their research visually.

Mhairi facilitated this years Scottish Graduate School for Arts & Humanities "A Creative Enlightenment" programme which covered social and digital enterprises.

A workshop was developed for PhD students on the OPTIMA programme on how to produce a short film about their research and also a short 2D animation on their research that could be published on social media. An example can be seen [here](#).

Training for EastBio PhD students on leadership and using an enterprising mindset to organise an event.

A workshop on idea generation & innovation was delivered as part of the University of Glasgows co-lab project. A blog about it can be read [here](#).

An introduction to visual presentation of data for Science & Engineering PhD students at The University of Glasgow.
