### MOMENTS TO REFLECT: 2017

*Scattering The Seed*

Now Jesus is telling a story, and He's telling this story to illustrate how God intended to spread the Gospel across the land and bring people to salvation.

He's scattering His seed over all the land He had... trusting that the seed would bear fruit. {In Isaiah 55:10-11}

God declares "As the rain and the snow come down from heaven, and do not return to it without watering the earth and making it bud and flourish, so that it yields seed for the sower and bread for the eater, so is my word that goes out from my mouth: It will not return to me empty, but will accomplish what I desire and achieve the purpose for which I sent it." You see that's the power of God's SEED - the Word of God He scatters it all over the earth, because it has power to take root in the harshest ground. And once it takes root, it can bear fruit. The Spirit is not a dormant thing that sets inside like some inanimate object on a wall. No! The Spirit of God is a living active force that not only marks us as belonging to God, but works within us to comfort us and help us... and to "teach us" spiritual truths. And one of the tools that Spirit uses to teach us with is God's Word (the seed). That's why it is so critical for us to constantly expose ourselves to God Seed Word.
